The State Reform Action Plan (Central Inspection System) under the Ease of doing business mandates the classification of the establishments covered under the Legal Metrology Act, 2009 into risk criteria and the periodicity of verification/ inspection of weights and measurements, accordingly the risk criteria and periodicity of such establishments is as under:

MANUFACTURER:

S No.	Description of Weight or measure to be inspected and Verified	Risk category	At least Periodicity
1.	Manufacturer License of Storage Tanks	Low	36 Months
2.	Manufacturer License of all weight or measure other than Storage Tanks	High	12 Months

REPAIRER:

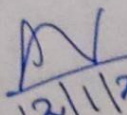

S No.	Description of Weight or measure to be inspected and Verified	Risk category	At least Periodicity
1.	Repairer License (Calibration) of Storage Tanks	Low	36 Months
2.	Repairer License of all weights, capacity measures, length measures, tape, beam scale and counter machine	Medium	24 Months
3.	Repairer License of all weight or measure including tank lorry other than weights, capacity measures, length measures, tape, beam scale and counter machine and storage tanks	High	12 Months

Dealer:

S No.	Description of Weight or measure to be inspected and Verified	Risk category	At least Periodicity
1.	Dealer License for all weight or measure	Medium	12 Months
2.	Dealer License for manufacturer of storage tank.	High	12 Months

In view of the above, all the ACLMs/ ILMs in the state are directed to follow the instructions regarding the risk criteria and periodicity of such establishments. The allocation of such inspections will be automatically allocated on random basis.
